

ALPHA MOBILITY ELEVATOR

STAIR LIFT

Upgraded Mobility

This sleek and stylish stair lift has been upgraded with many innovative features that provide you with **even more safety and comfort** when going up and down your stairs.

Key Features

- Extended battery life, up to 60 cycles during power outage
- Maintenance-free
- New fully upholstered seat back/bottom for maximum comfort
- Full, spacious seat with adjustable seat back
- Right hand or left hand control option
- Retractable seat belt
- 90° seat swivel at top of rail for an easy exit
- Two call/send remote controls
- Provides clear walkway at bottom landing
- Optional key-lock to prevent unauthorized use

Folding Rail

In some cases, there may be a door close to the bottom of the stairs, or another obstruction that the track may interfere with. With the folding rail, you won't have to worry about those obstructions. The rail can be easily folded away from the obstruction, giving clear access.

Folding Rail Features

- Has charge strips above and below the hinge for charging flexibility/preference
- Continuous motion, unit does not stop while rail extends/retracts
- Optional tall rail brackets to keep rail from extending into hallway at top of staircase

Safety Features:

- Meets ASME 18.1
- ETL Listed #3148125
- Integrated Centrifugal Overspeed Brake
- Seat Swivel Interlock
- Chassis obstruction sensors
- Footrest obstruction sensors

Warranty:

- 2 year warranty on drive train
- 2 year warranty on parts
- 1 year warranty on battery
