

ALPHA MOBILITY ELEVATOR

LULA ELEVATOR

LULA Elevator

We believe in providing commercial and residential elevators that exceeds all industry standards in safety, performance, and reliability. The LULA is thoroughly engineered using the latest 3D engineering software, tested in a factory test tower before being certified by a well-known independent testing laboratory. We stand behind our products with a commitment to prompt, professional service and a 2-year, hassle-free, warranty policy.

"LU/LA" Elevators are designed to service schools, churches, low rise buildings, low occupancy commercial buildings, and single family housing. It provides the functionality of a commercial elevator with the practicality and price point suitable for these applications. It can be designed to fit into any décor and be as elaborate or simplistic as desired.
